PROJECTS

AgriCOOL Web

This is the project for my end-of-studies thesis in Management IT, specializing in Business Information Systems. It is a platform for the sale and purchase of agricultural products, as well as the sale, purchase and/or rental of agricultural land. The platform also offers a space for sharing ideas and communicating between farmers.

Programming tools: Node.js, React.js, MySQL, Bootstrap.

Level of achievement: 85%

Web app : Deerasati

This is a web application intended to help students from the 7th year of basic education to the 3rd year of secondary school (all sections) in their studies.

Tools: NodeJS, ReactJS, MySQL

LANGUAGES

- Arabic: Fluent
- English: Excellent
